What is Tenebrae?

The name Tenebrae is the Latin word for "darkness" or "shadows." During this service, we will experience a small portion of Christ's pain and suffering the day of His crucifixion. One of the most conspicuous features of the service is the gradual extinguishing of candles until only a single candle, considered a symbol of our Lord, remains. As it gets darker and darker we reflect on the great emotional and physical pain that was very real for Jesus that evening. Toward the end of the service, the Christ candle is hidden, typifying the apparent victory of the forces of evil over good. At the very end, a loud noise is heard, symbolizing the earthquake at the time of His death (Matthew 27) and His resurrection (Matthew 28:2). At the moment of the earthquake, the temple veil was torn apart, making the Holy of Holies exposed to public view. This is understood to represent God's change toward us with direct access to him, no longer requiring the ceremonial acts of the priests for our forgiveness of sin. The hidden candle is then restored to its place, symbolizing the triumph of good over evil. By this single light we all depart in silence.

SPOTLIGHT: MEXICO

Call to Family, Community and Participation

Humans are social by nature. Like the early disciples, we are called to come together and grow as a community - whether that community is in our classroom, workplace, or family.

ENCOUNTER MARIA

Maria de la Luz Lugo Martínez remembers what it was like growing up in Ejido Hidalgo, Mexico. "We said we were rich because we had a lot of corn, beans and animals." But now, with few jobs and even less rain, young people—including Maria's children—are leaving the community in search of a better life.

To help families like Maria's, CRS launched a greenhouse project empowering women with meaningful work and community. Women visit their community greenhouses to grow cactuses to sell—but they also go for so much more. "At the greenhouses, we laugh, we talk, we spend time together. Sometimes we leave our homes angry or sad. But then we start working with the plants, and we forget. Talking, laughing—we forget our problems for a while," says Maria.

As the cactuses grow, so to do the economic opportunities. "We didn't believe we were going to get that far. It's a lot of joy, a lot of excitement to see so many plants flowering."

The flourishing cactuses aren't the only things that give Maria pride. Even though they live far away, she still remains close to her family. "I give thanks to God that He gave me all my children and grandchildren," she says. "They give me strength and courage to work hard. My children call and say, 'Don't give up, Mom. Have faith in God.'"

With help from the Rice Bowls, the CRS Mexico program also addresses several issues of importance: migration, peace building and human rights, and inequitable access to rural development opportunities in a country where half the population lives in poverty.
